

Permanent Cosmetics—reduce stress, make lives easier.

If you are tired of makeup that runs, smears or disappears, permanent cosmetics may be the answer for you.

- ◆ Fill in or replace missing brows.
- ◆ Add pizzazz to sensitive eyes.
- ◆ Restore color and shape to lips.
- ◆ Re-color aureoles after Cancer
- ◆ Camouflage scars that bother

Mill workers, surgical nurses, computer chip fabricators and those with outdoor lifestyles all benefit from permanent makeup. For those with eyesight limitations, allergies or alopecia we can do wonders.

Let us free you from stress, fuss and worry with the convenience and natural enhancement of permanent cosmetics.

Call for complimentary consultation or visit our special web site:

Your safety, comfort and enhancement is our primary concern. Student and professional work available.

BIO...

Judith Culp is an Oregon native, born and raised in Portland. With a background in business and art she entered professional skin care in 1980. Every year she dedicates time to continuing educational activities. In 1987 she added Permanent Cosmetics to her service menu. In 1992 she became the first CIDESCO Diplomat in Oregon. In 2008 she became Oregon's first NCEA Certified Esthetician.

Judy is a national lecturer and writer for trade publications. She served a 4 year term on the Board of Directors for the Society of Permanent Cosmetic Professionals two of those as their president and now is editor of their quarterly newsletter. In 2004 Judy became one of the first to take the international exam and achieve CPCP (Certified Permanent Color Professional) status.

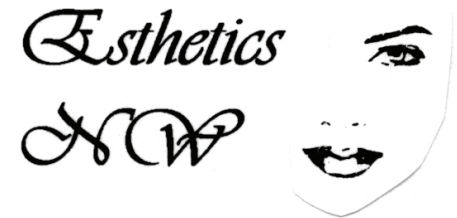

As an industry consultant she is sought after by her peers, manufacturers and insurance agencies. At our Eugene clinic she offers the finest in skin care, makeup and cosmetic tattooing education and services. Making lives better one person at a time is our mission.

Our facility houses the NW Institute of Esthetics where we train a select few students to perform all of the esthetic services. Students offer quality services at a discount to the public.

Experience the essence of custom care at Esthetics NW

Most women find it difficult to carve out time for themselves.

Your skin reflects your well being.

Stress, pollution,

Take time for you – you deserve it and no one will give it to you.

UV damage, lack of rest, inadequate

diet, all contribute

to blemishes and premature aging of the skin.

Let us assist you in dealing with your special skin needs. Therapeutic treatments are available to combat the symptoms of stress, pms, menopause and the signs of aging.

Regular skin treatments can help your skin the same way a fitness work-out helps your body.

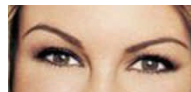

Do it once – feel better. Make it regular - see the difference. Come in for a skin fitness consultation and allow us to be your personal skin “trainer”.

Makeup is the “frosting”

Cake by itself may be nice, but add frosting and it becomes, well....special. Makeup can help you feel special about yourself.

We feature *Jane Iredale and Natural Mineral Powders.*—

approved by National Rosacea Foundation and suitable for sensitive skins and post surgical clients.

Don't forget brow and last tinting and lash perming are available.

Lots of Treatment options

- ◆ Citrus Cleansing
- ◆ Raspberry Rejuvenation

Full body waxing

Our Products...

Since 1983 Judy has been custom formulating

treatments, home skin care for clients. Products just keep getting better as the new age of “cosmeceuticals” finds its place.

Botanicals, vitamins and state-of-the-art “duplicates” topically address skin needs and conditions whether your problems are acne, aging or something in-between.

Therapeutic formulations by medical experts give dramatic results.

As we all respond to the sense of smell this very important aspect is not neglected. While non-fragranced products are available we also employ aromatherapy in our products and services.

Esthetics & Permanent
Cosmetics NW

The NW Institute of Esthetics located in Esthetics NW trains some of the finest technicians in the nation. Our 1200 hour program prepares students not only for state licensure but for national certification. Licensed professionals often join us to continue their education and keep up with the rapidly changing technology dominating our industry. We think you will be pleasantly surprised at the skill and quality of service we offer.
